

#### NOTE TO THE AUDIENCE

We respectfully request your cooperation to make this an exciting and rewarding experience for our student performers and an enjoyable evening for our audience by offering your courteous attention throughout the performance. Talking, noisy children, and leaving your seat during the performance are distracting and disruptive to both musicians and listeners. In consideration of all the student performers who have worked hard to prepare for this program and their friends and families who have come to hear them play, we appreciate your active listening and hearty applause.

Please turn off all electronic devices.

Video-taping is not allowed due to copyright restrictions.

Thank you.
